WELCOME TO THE CONGRESS

Dear Colleagues,

We are pleased to inform you that the 14th Scientific Congress of the Turkish Association for Endoscopic Laparoscopic Surgery (ELCD) will be organized together with the Mediterranean & Middle Eastern Endoscopic Surgery Association (MMESA) Spring Scientific Meeting. This international congress will be held on April 19-22, 2019 in Bafra, Cyprus, at the Limak Hotel Babylon Convention Center.

In the 28th anniversary of the ELCD, we prepared a rich and up-to-date program including English sessions joint with MMESA, as well as Turkish sessions. We are targeting a congress that is open to international participation in the center of the Mediterranean, covering the countries of South Europe, North Africa, Middle East and Azerbaijan.

Nowadays, we know that the most rapid and widespread change in surgical practice is in the field of minimally invasive surgery. We are also aware that most surgeons in our country are very motivated to learn and apply new minimally invasive surgical techniques. From this point of view, we have prepared a comprehensive scientific program, where experienced speakers and our valuable participants from Turkey and the international platform can present their experiences and see how the developments in technology are reflected in laparoscopic and endoscopic surgical applications. Considering that it would be particularly useful to examine the issue of complications, we identified the theme of the congress as "Complications in Minimally Invasive Surgery - Prevention and Management".

We believe that the 14th ELCD Congress and MMESA Spring Meeting will take place in an environment where participants can develop themselves and follow new developments. We also wish our country and other countries surrounding the Mediterranean Sea to develop a professional relationship and friendship between all the surgeons participating in the congress. We invite our colleagues, assistants and nurses to our congress and we present our love and respect on behalf of the Congress Organizing Committee.

About Cyprus

Cyprus (Greek: Kypros) is the third biggest island of Mediterranean. In the north, Turkey is 65 km distant, in the east, Syria is 112 km distant, Israel is 267 km distant and there is Lebanon 162 km distant. In the south, Egypt is 418 km distant and in the northwest, Greece is 965km distant. Cyprus is the third biggest island of Mediterranean after Sicily and Sardinia. Cyprus is located in between 30.33 and 35.41 latitude and 32.23 and 34.55 longitude. Square measure of Turkish Republic of Northern Cyprus is 3.355 km². Half of coasts of islands nearly are in the borders of Turkish Republic of Northern Cyprus.

Fertile land of %45, which can be planted, %20 percentage is irrigated. %20 of Turkish Republic of Northern Cyprus is generally forested and intense afforestation program is on going. Island, which was under sovereignty of Hittite, colonized by islands in Greece and after that, in orderly, came under sovereignty of Roman and Byzantine. Island was conquered by Turkish people in 1571 and island was conquered by English people in 1914 who rented in return 500,000 American Dollars annually from Ottoman Empire in 1878. In 1960, island gained independence in the name of Cyprus Republic and after Greece's coup in 1974, as a result of Cyprus Peace Operation which was carried out by Turkish Armed Forces, two different states were established. The biggest city is Nicosia. Other touristic cities are Kyrenia and Mogasa. The island currently is administered by Turkish Republic of Northern Cyprus and Greek populated southern part of Cyprus as divided into two.

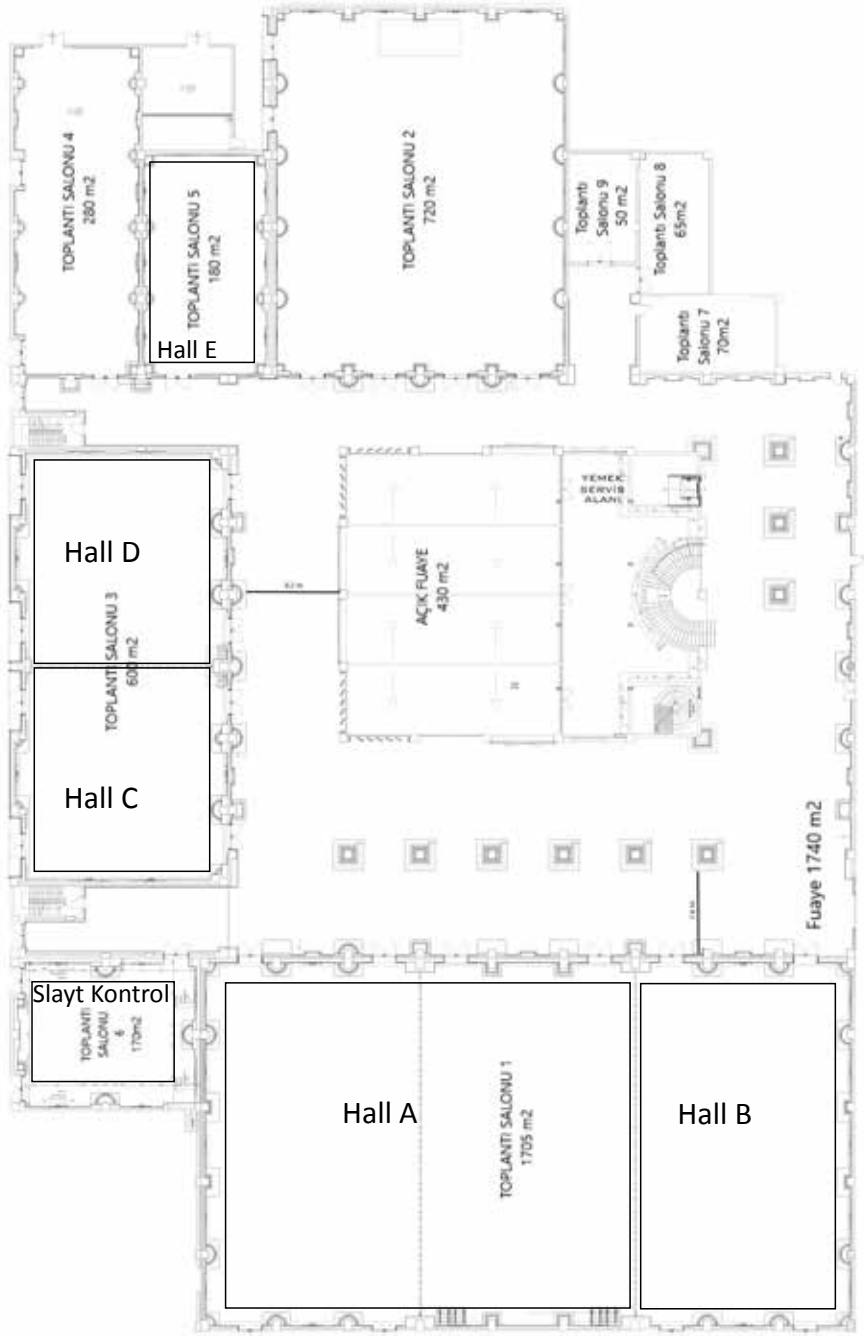

Gastronomy in Cyprus

Famous foods of Cyprus are Peach Kebab, Pilavuna, Goat cheese, Halloumi cheese fries. Apart from these, a common meze culture prevails. Molehiya, a phenomenon of Cyprus, is a unique food here and only grown in Cyprus. The K p Kebab, which is also unique to Cyprus, is delicious enough to enchant red meat lovers. Another traditional taste of Cyprus is Lalangi and it is made from rabbit meat. In Cyprus, as the pearl of the Mediterranean, should be remembered as one of the tastes you should try in Nor B re i.

Places to Visit in Cyprus

The view of St. Hilerion Castle brings all the Girne to the bottom of your feet. Bellapais Monastery, which has an impressive atmosphere, is also a wonderful work to be seen in Girne. One of the most valuable historical monuments of Cyprus is the St. Nicholas Cathedral (Lala Mustafa Pasha Mosque) in Magosa.
